Police News:

Total Stops: 160

We are proud of our Police Department and their hard work to keep the Village of Indian Point safe. Keeping that in mind the needs of the Police Department are vast. The Village has recently purchased a Ford Explorer to minimize cost to older vehicles and repairs as they age.

While in the spirit of giving please remember that the Drone and Angel Funds are funded by donations. We welcome donations at the Village Office.

November 5, 2018
BillyGail's Restaurant
Branson, MO

There were 16 members present, plus two guests. At 11:50 a.m. President Sharon McSpadden called the meeting to order, and the Pledge of Allegiance and Club Collect were recited. LeEtta Smith then offered the prayer. Sharon welcomed everyone and thanked Hostess LeEtta Smith. Denise Petersen introduced her guests: Helen Slagle and Jacinda Canfield.

VP Sue Wright said the next meeting will be at Golden Corral on December 3 at 11:30 A.M., with club officers as Hostesses. She passed the Hostess list around and asked for members to take months that are still unassigned.

Sharon said the meal at Golden Corral will be \$12 each, which includes tip and tax, which will be paid to Treasurer Pat Shepard in the private meeting room in the back. Pat will then write a check to the restaurant. Golden Corral wants a firm number, so everyone needs to tell Sue if they will attend by November 28. If the club has to pay for a no-show, that person may be expected to pay. She said to wear something festive, like perhaps an ugly Christmas sweater.

Secretary Jan Hoynacki said the minutes of the last meeting were written and distributed, and they were then unanimously approved as written.

Treasurer Pat Shepard gave the financial report, which showed a checkbook balance on October 31 of \$1,568.90, which includes a charity balance of \$718.90 and a 50/50 raffle balance of \$1,015.00. She said she would appreciate everyone bringing exact change to the next meeting. The report was filed for audit.

Sharon asked if there was interest in having more cook books printed. Up to 200 would cost \$4.30 each, and we sell them for \$10. There are 12 books left. Judy Sears moved, Jan seconded, and the majority approved, to hold off on having new books printed, and to revisit the matter in six months.

Sue said a new members list will be emailed to everyone soon.

Sharon asked everyone to say what they are most thankful for, and each person appropriately commented.

Judy reminded everyone to vote tomorrow. The polls are open 6:00 a.m. to 7:00 P.M.

Denise said there was a Halloween party at the village office building, with monies collected going toward Christmas lights for the village. There will be a chili cookoff at Deer Run this coming Saturday, and proceeds from that will be added to the \$86 already collected. Deer Run offered to use their 15 acres for a Christmas lights drive through, with crafts for sale, if there was interest in doing this.

The meeting adjourned at 12:25 p.m.

Then Jan's ticket was drawn for the 50/50, but she failed to pull the Joker out of the deck, so we play again!

Respectfully submitted,

Community Activities and Development

The Village of Indian Point has revived the CAAD. (Community Activities and Development). We are looking for volunteers for the Board. We need people with a lot of spirit ready to jump in and get things done. People with fore thought and machinery, know how, and physical shape to work on many upcoming projects. We are trying to accomplish wonderful new things here on Indian Point and getting the community active again. Hopefully we can get the Chamber of Commerce to get involved and the IP Women's Club as well. Just like the Christmas Ornaments below. They will sit until someone takes initiative to put them on the tree.

We have so much here on Indian Point to be thankful for but also so much more that we can do to insure the visitors return year after year. After all this is our home lets make it as fun and as beautiful as we can.

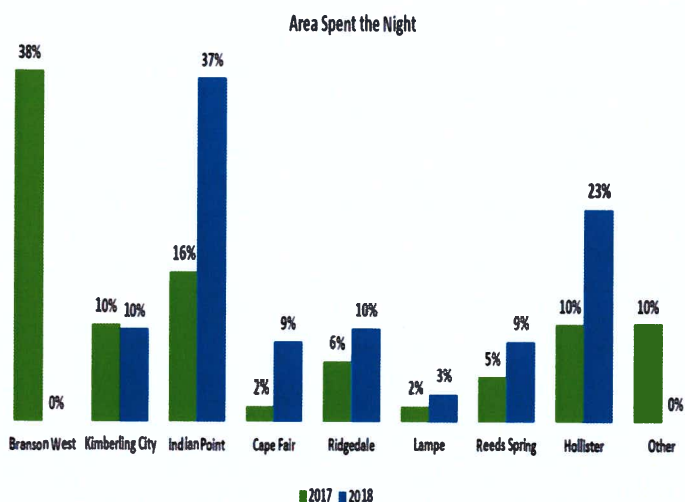

So, if you are interested email me and let's do this! deputyclerkvip@indianpoint-mo.gov

Great news from the Table Rock Chamber of Commerce of Kimberling City

The Table Rock Lake Chamber of Commerce announced that Indian Point is the most sought after area in the Table Rock area.

Those staying outside of Branson were most likely to stay at either Indian Point or Hollister.

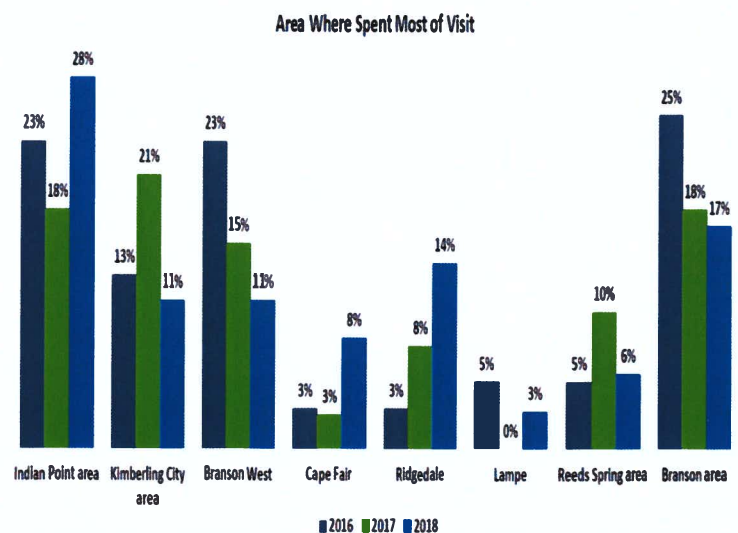

Q21: In what city/area did you spend the night on your most recent visit to the Table Rock Lake/Branson area?

Why do we kiss under the mistletoe?

Kissing under sprigs of mistletoe is a well-known holiday tradition, but this little plant's history as a symbolic herb dates back thousands of years. Many ancient cultures prized mistletoe for its healing properties. The Greeks were known to use it as a cure for everything from menstrual cramps to spleen disorders, and the Roman naturalist Pliny the Elder noted it could be used as a balm against epilepsy, ulcers and poisons. The plant's romantic overtones most likely started with the Celtic Druids of the 1st century A.D. Because mistletoe could blossom even during the frozen winter, the Druids came to view it as a sacred symbol of vivacity, and they administered it to humans and animals alike in the hope of restoring fertility.

Another famous chapter in mistletoe folklore comes from Norse mythology. As the story goes, when the god Odin's son Baldur was prophesied to die, his mother Frigg, the goddess of love, went to all the animals and plants of the natural world to secure an oath that they would not harm him. But Frigg neglected to consult with the unassuming mistletoe, so the scheming god Loki made an arrow from the plant and saw that it was used to kill the otherwise invincible Baldur. According to one sunnier version of the myth, the gods were able to resurrect Baldur from the dead. Delighted, Frigg then declared mistletoe a symbol of love and vowed to plant a kiss on all those who passed beneath it.

Mistletoe's associations with fertility and vitality continued through the Middle Ages, and by the 18th century it had become widely incorporated into Christmas celebrations. Just how it made the jump from sacred herb to holiday decoration remains up for debate, but the kissing tradition appears to have first caught on among servants in England before spreading to the middle classes. As part of the early custom, men were allowed to steal a kiss from any woman caught standing under the mistletoe, and refusing was viewed as bad luck. Yet another tradition instructed the merrymakers to pluck a single berry from the mistletoe with each kiss, and to stop smooching once they were all gone.

Warsaw man catches state-record walleye on a jug line

MDC congratulates Jason Reynolds on breaking the state record by catching a 6-pound, 14-ounce walleye on a jug line.

WARSAW, Mo. – The Missouri Department of Conservation (MDC) reports Jason Reynolds of Warsaw became the most recent state-record-fish breaker in Missouri when he caught a walleye on a jug line on Truman Lake in Benton County. The new “alternative method” record fish caught by Reynolds on Nov. 5, weighed 6 pounds, 14 ounces. Reynolds’ recent catch broke the previous state record by 1 pound, 1 ounce.

“I first thought I caught a carp, but when I got the fish in the boat I realized I had caught a walleye,” Reynolds said. “I was in shock that I caught a large walleye.”

Reynolds was using bluegill for bait and trying to catch blue catfish when he caught the new state-record walleye.

Reynolds said he didn’t know the walleye was a state record until he checked MDC’s website when he got back to Osage Bluff Marine.

“I didn’t know I caught a state-record walleye until after I checked MDC’s website,” he said. “After I weighed my walleye and saw that I beat the record, I was super excited. It’s just so hard to believe I now hold two state records.”

Reynolds also currently holds the spotted bass alternative method state record for a fish taken by jug line.

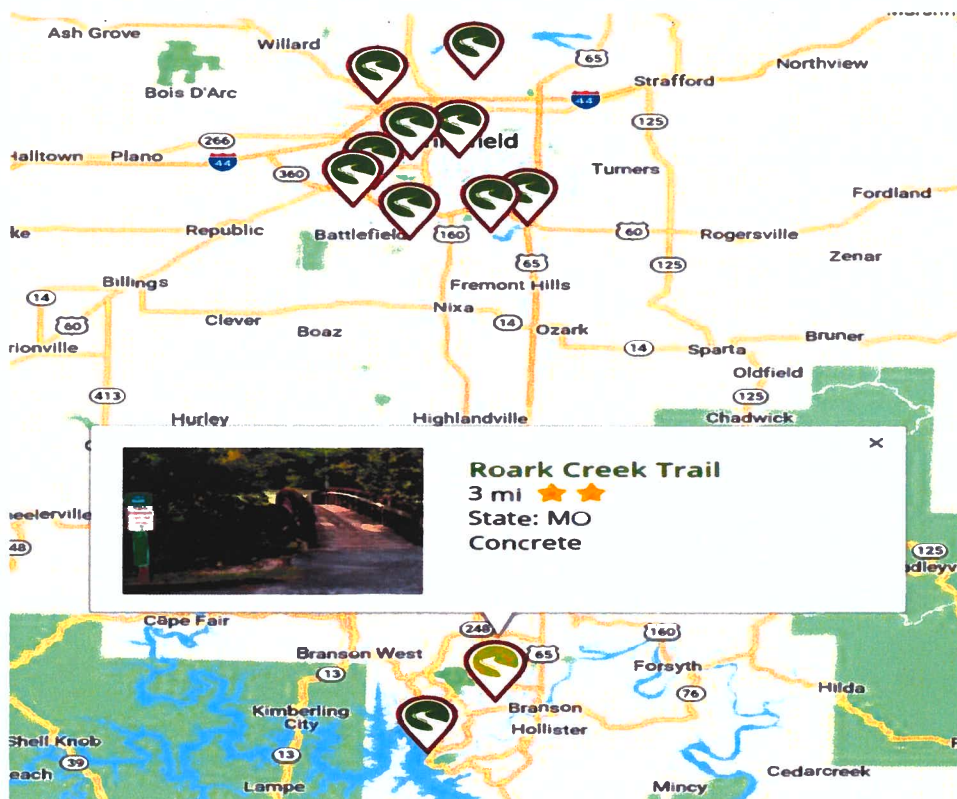

“Lighting does strike twice in the same place,” he said. “I caught the walleye about hundred yards away from where I caught the spotted bass. It’s really unbelievable!”

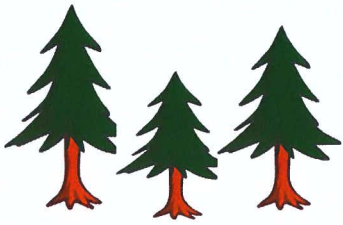

MDC staff verified the walleye’s weight on a certified scale at Lost Valley Hatchery in Warsaw. This is the seventh state-record fish of 2018.

Missouri state-record fish are recognized in two categories: pole-and-line and alternative methods. Alternative methods include: throwlines, trotlines, limb lines, bank lines, jug lines, spearfishing, snagging, snaring, gigging, grabbing, archery, and atlatl. For more information on state-record fish, visit the MDC website at <http://on.mo.gov/2efq1vl>.

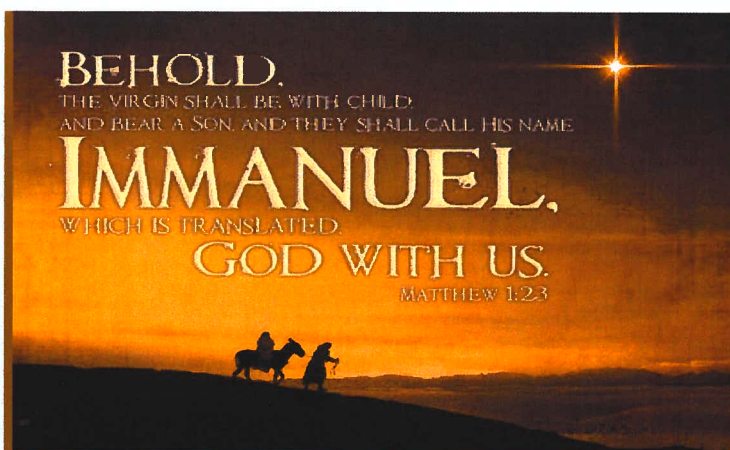

Hiking is a great way to stay in shape during the winter. It is also good for your metabolism. Some of these trails you can bike on too! I can’t wait to get my bike here. If anyone wants to hike or ride during the winter on the nicer days let me know. We could start a hiking club????

Arno Wehr II Writer and Historian of Indian Point

In the 1970's Indian Point businesses and residents decided we had to improve our appearance. Ours was the first lake community to have a shoreline and roadway trash pick up day. We hauled truckloads of debris with a volunteer team of over 70 locals. Area newspapers applauded the effort and the decision was to continue the project annually. The US Corps then using our example, organized an annual shoreline cleanup that continues today. That sparked the Point to take the next big step . We asked the Missouri Extension and DNR to advise us how to make us "prettier". Their advice included opening up our road sides by selective tree trimming ,removing old signage and mailboxes, and plant trees. Jack Herschend and John The Diver Hoynacki headed up a pine seedling planting program and we all planted 3500 little pine trees everywhere on Indian Point. The Branson Chamber of Commerce awarded us the then coveted Beautification Award that year. Today the majority of pine trees on Indian Point are the result of those years. Also the US Corps secured a special breed of pine trees from Weyerhaeuser Corporation . These trees were placed in the Corps campground and are very impressive and a source of huge pine cones for locals to use as decorations. As the village formed efforts of beautifying our peninsula included a geranium program, purple plumb tree planting, and an additional Gift of Green mature tree plantings from Jack Herschend. As our past State Senator Emory Melton said about Indian Point , "ya shoulda seen it before we fixed it ! " Emory was right.....Arno Wehr

Recipes

Homemade Hot Chocolate Trumbly family recipe (my mom's)

1 heaping Tablespoon of Cocoa
4 heaping Tablespoons of Sugar
1/2 can of Carnation Canned Milk
Mix these together till smooth

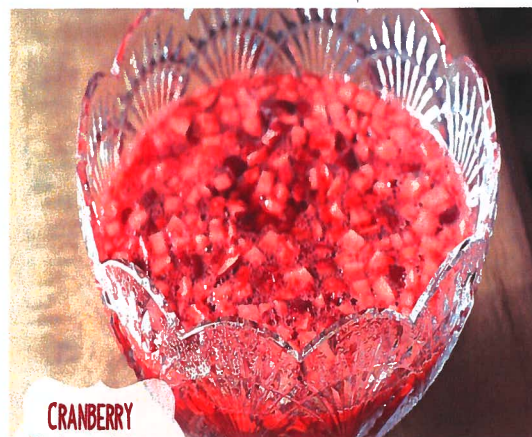

1 quart of regular milk in a medium saucepan
Marshmallows
Cinnamon
Yields about 6 cups

Heat the regular milk until scalding hot then add above mix stirring slowly and heat until desired temperature. Pour into cups, add marshmallows and sprinkle lightly with Cinnamon as desired. So very good! Warms the soul!!

Audrey Peterson's Recipe for Cranberry Salad

2 boxes of cran-raspberry jello (use 1/2 cup less water than called for)
12 oz cranberries
2 apples (remove center)
1 orange (peeled)

Cut up apples, pull orange sections apart. Grind or use food processor to chop all fruit, add 1 cup sugar to fruit

Make jello and let it start to set, then add fruit mixture

1 cup chopped walnuts optional

Enjoy the gift of sharing!
